DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art teaches a solder mask formed on a substrate with openings formed in the mask where a conductive structure is formed in the openings and connected to a pad formed below on the substrate. The prior art does not teach the above teachings in combination with the mask being a pre-formed solder mask with the openings in the mask to maintain contact with and form a peripheral shape of the conductive structure. This combination has been found non-obvious thus allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 33-37 and 41-56 are allowed.
